## Lead Story

Thanks to ALL Pahrump voters for going to the POLLS to exercise your rights and responsibilities of U.S. citizenship.

I also want to thank everyone that had confidence in me and gave me one of your votes. I also want to thank our many VOLUNTEERS that went the extra mile with the website, the meet & greet gatherings, placing signs, making phone calls, etc. However, we know that this is only the beginning as we look forward to the General Election. I will continue to need your support for a VICTORY in November.

Again, my sincere THANKS for propelling me through the Primary and on to the General Election in November. I look forward to working with you and for YOU. May God continue to bless each of you, our Town of Pahrump, our State of Nevada, and the United States of America.

**“Coming together is a beginning; keeping together is progress; working together is success.”**

**“If we would only learn to build bridges instead of fences, we could charge tolls.”**

## Second Story      Why an I Running

- I have a strong belief in the beneficial role that government can play in the betterment of our country and the lives of all of our citizens.
- I believe that role should be limited to creating and enforcing laws for the protection, health, safety and education of all citizens.
- I believe in our Constitution and our Country. I further believe that the government is “by the people” and “for the people” and I will do all that I can to work towards making that so.
